

AGILE IN PRACTICE

PSM I/ PSPO I CERTIFICATION PREP COURSE

PROGRAM

A practical workshop that prepares participants to work in agile teams, especially Scrum Teams. Additionally, the training prepares participants for the international Professional Scrum Master I (PSM-I) and Professional Scrum Product Owner I (PSPO-I) exams.

WORKSHOP OBJECTIVES

To learn the elements of Scrum (artifacts, events, accountabilities) and tools of agile work;
To learn the dynamics of self-organizing teams and the mechanisms of management and motivation;
Preparing for the Professional Scrum Master I (PSM-I) and Professional Scrum Product Owner I (PSPO-I) exams.

BENEFITS FOR PARTICIPANTS

Upon completion of the workshop, participants will be able to:
Conduct Scrum meetings (Planning, Daily Scrum, Scrum Review, Retrospective);
Estimate the complexity of tasks;
Plan task and project completion times using an agile approach;
Function in self-organizing Scrum Teams;
Characterize the elements of Scrum (artifacts, events, accountabilities);
Plan and estimate complexity in Scrum;
Utilize agile tools;
Manage the value of the product;
In addition, they will know how to prepare for the PSM-I and PSPO-I exams.

TRAINING MATERIALS

Templates and tools to use after the workshop;
Electronic presentation;
List of recommendations - books, articles, podcasts, etc.
